

## Contents of issue 1 vol. LIV

- 3 Z. MAŃKO, D. BĘBEN, *Behaviour of steel-soil bridge structure made of corrugated plates under field load tests. Part I: Static research*
- 35 Z. MAŃKO, D. BĘBEN, *Behaviour of steel-soil bridge structure made of corrugated plates under field load tests. Part II: Dynamic research*
- 51 J. RASEK, Z. STOKŁOSA, *Investigation of material properties by means of magnetic methods*
- 71 P. KĘDZIORA, *A fuzzy-set approach to buckling analysis of composite structures*
